

WESTMORELAND SKI CLUB

Trip to Lake Tahoe, CA!

Saturday, February 22 to Saturday, March 1st 2014

Lake Tahoe: However you describe it, Lake Tahoe is a pristine jewel of nature. Surrounded on all sides by the Sierra Nevada mountain range, you can see on average 72 feet down into its cobalt waters. But above all else, Lake Tahoe is about the Lake itself. And the most spectacular view of Lake Tahoe - perhaps the most awesome view from a ski area summit anywhere - is at the top of Heavenly's Sky Express. From here the Lake looks like a brilliant blue sapphire, encased in a rugged ring of snowy granite. You won't find a more beautiful view!
